 - a) Tiebreaker #1 - Point Differential: Difference between winner and loser score. There will be a maximum value of +/- 20 in any single game, regardless of the final score.
 - b) Tiebreaker #2 - If two teams have the same point differential: In the event that the point differential does not settle the tiebreaker, and two teams are still tied, the head-to-head result between remaining teams will determine the higher seeding.
 - c) Tiebreaker #3 - If three teams have the same point differential: Total points scored in the two pool play games will be the 3rd tiebreaker.

* If this does not resolve the ties, a coin flip will be used to determine final seeding for Sunday's play.
